## Moonbeams

Practice reading the names of the twelve Hebrew months.

Write the names in the moons.

4	3	2	1	.1 תִּשְׂרִי
				.2 חֶשְׁוֹן
				.3 כֶּסֶלּוֹ
				.4 טַבַּת
8	7	6	5	.5 שְׁבַט
				.6 אָדָר
				.7 נִיסָן
				.8 אֵיר
				.9 סִיוֹן
12	11	10	9	.10 תַּמוּז
				.11 אָב
				.12 אֶלּוּל

## Did You Know?

The Jewish month begins when a new moon appears.

We call the first day of a new month **רֵאשִׁית חֹדֶשׁ**—“head of the month.”

Draw a new moon here.

**Hebrew Math**

Hebrew letters stand for numbers.

$5 = ה$

$4 = ד$

$3 = ג$

$2 = ב$

$1 = א$

$10 = י$

$9 = ט$

$8 = ח$

$7 = ז$

$6 = ו$

Can you solve these math problems?

Have a classmate check your work.

$_____ = ה + ה .3$

$_____ = ג - ז .2$

$_____ = ב + א .1$

$_____ = ז - ט .6$

$_____ = ד + י .5$

$_____ = ח + י .4$

$_____ = ד - י .9$

$_____ = י + ג .8$

$_____ = ו - ח .7$

$_____ = ג + ה .12$

$_____ = א + ט .11$

$_____ = ז + ז .10$

**Your Turn!**

Make up six of your own math problems using Hebrew letters.

Challenge a classmate to do the math!

$_____ = _____ .3$

$_____ = _____ .2$

$_____ = _____ .1$

$_____ = _____ .6$

$_____ = _____ .5$

$_____ = _____ .4$

**To Life!**Add it up:  $_____ = י + ח$ 

The Hebrew letters ח and י together form the word חי — “life.”

It is a Jewish tradition to make a **חַיִּי קָדוֹן** donation of \$18 (or multiples of \$18) to celebrate a happy occasion.
